

EU Type Examination Certificate

Date: 2023/02/09

n. **1013230601/OE**

Validity: 2028/02/08

The hereunder described items of Personal Protective Equipment have overcome positively the "EU type examination" (Module B), proving their conformity to the safety and health requirements of the Regulation (EU) 2016/425 (Annex II)

Manufacturer: (Responsible of the PPE)	AIRDESIGN GmbH Rhombergstrasse 9, Absam – AUSTRIA	
Type of PPE:	Impact pad for paragliding harness	
Category of PPE:	II : "medium" risks. This certificate is based on reference standards listed below: its validity is no longer ensured should new version of the standards come into force.	
Model	"Airbag – Le Slip"	
Description:	Impact protector (air bag) intended to be connected to paragliding harness. The complete material description and construction can be found in the Technical File of reference. This impact protector is associated with the reference paragliding harness: AirDesign Le Slip . See picture on page 2.	
		
Technical Standard:	EN 1651:2018+A1:2020	Paragliding equipment – Harnesses – Safety requirements and strength tests
Intended use:	reduce the compression damage to the spine of the pilot in case of wrong landing in paragliding activities.	
Size range:	One size	
Technical File:	DC-15847	
Test report:	AIR-TURQUOISE SA n° MISC_193.2021	

EU Type Examination Certificate

Date: 2023/02/09

n. **1013230601/OE**

Validity: 2028/02/08

Functions and performance levels:

Prevent injuries caused by impacts that may occur in paragliding activities, by absorbing the impact energy to the body of the pilot.

The protector passed the impact testing performed with a test dummy (min. 50 Kg) lifted up to a minimum height of 165cm (measured from the impact surface to the lowest point of the dummy).

Requirements:

- maximum peak value: 50 g;
- maximum duration at 38 g: ≤ 7 ms;
- maximum duration at 20 g: ≤ 25 ms.

Marking:

on an affixed label displaying the following information:

- **CE Marking;**
- name/logo and full address of the Manufacturer;
- item designation;
- nr. and year of the European Standard of reference;
- date of manufacture;
- test reference number;
- notice inviting the user to read the user manual;
- notice for removable impact protectors;
- additional info: serial number, name and address of the test house, website and email address of the Manufacturer and care symbol.

READ USER MANUAL BEFORE USE!
VOR GEBRAUCH
BETRIEBSANWEISUNG LESEN!
LIRE LE MANUEL AVANT UTILISATION!

The impact damping characteristics of impact pads degrade through use and ageing.
Periodically check the impact pad's function & condition in accordance with the manufacturer's instructions

Reference paragliding harness:
AirDesign Le Slip

NOTE: the Technical File contains a more detailed description of the PPE (material, method of assembly, photographs or drawings), performance data, safety functions and level of protection, elements of conformity to the basic and supplementary requirements. The Technical File is integral part of the present Certification, which has to be kept available by the applicant to be forwarded - upon request - to the entitled person (supervising body, Controlling Officer).
